

WHY AMDRECOR'S FEATHERLIGHT FACESHIELDS ARE SO COMFORTABLE TO WEAR.

A M D R E C O R

Since 1985

Comfortable, Full Face Protection

Unique Pressure Point Placement

The Headframe is specially designed to hold firmly in place using contact points located at the back of the head.

Lightweight, Durable Construction

The headframe is made of a material that is light (only 1 oz.), yet very strong and holds its shape. Go ahead. Give it a twist.

Frame & Shield AirFlow Design

The headframe and shield are designed to allow vertical airflow to eliminate fogging and a panoramic view

For Dental, Healthcare Medical, Laboratory and Light Industrial Use or Anywhere OSHA Compliance, Quality and Comfort is Required.

Protection against Bio-hazardous Materials & Bloodborne Pathogens (OSHA 29 CFR 1910.1030)

Amdrecor, Inc is a Houston, TX based corporation specializing in OSHA compliant products preventing occupational exposure to bloodborne pathogens and biosafety hazards.

Amdrecor manufactures personal protection equipment (PPE) for use anywhere a biohazard exists and biosafety is a concern for employees. Protective equipment includes face shield products that comply with OSHA Regulation 29CFR 1910.1030 Bloodborne Pathogens and ANSI Standards. Two types of modular face shields are available: a Featherlight head mounted face shield and a Chest Rest Face Shield. Both available in complete kits or separate.

FeatherLight Face Shield Kit

FS-1 Complete FeatherLight Face Shield Kit

Includes one HF-3 headframe (any color), one RS-1 Shield and one LCF-1 Laser Curing Filter adhesive.

Chest Rest Face Shield Kit

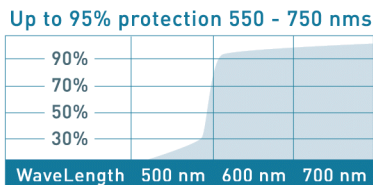

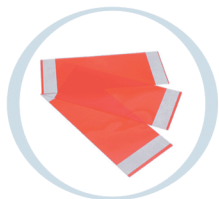

CK-1 Complete Chest Rest Face Shield Kit

With CF-0 frame & tie, CF-1 foam rest and CS-1 Shield.

Laser Curling Filter Add-ons

This 2" x 4.8" light wave filter adheres to the FeatherLight shields to guard against harmful UV, Halogen & Argon light rays.

LCF-1 Light Curing Filter

Chest Rest Shield System

Enjoy more freedom of movement and no head pressure points with a Chest Rest Face Shield. The shield has a light foam rest attached below the frame.

The Chest Rest Shield system is comfortable and easily removed for cleaning, sterilizing or replacing.
